## Personal Summary

---

Data Analyst at GlobalLogic with around 3 years of experience in data analytics and business intelligence. Skilled in SQL, Python, ETL processes, and data visualization tools. Experienced in working on data analytics tools like Alteryx Designer. Proficient in data cleansing, data modeling, and delivering customer-centric solutions through insightful data analysis.

## Technologies

---

- Programming Languages: Python, SQL, JavaScript.
- Data Analytics Tools: Alteryx Designer, Power BI.
- Database: MySQL, Microsoft SQL Server.
- ETL Tools: Alteryx Designer.
- Data Visualization: Power BI, Excel.
- Business Intelligence: Power BI.
- Data Validation: SQL, Python.
- API Testing: Postman.
- Versioning Tools: Git, GitHub
- Debugging: VS Code, Visual Studio 2022

## Experience

---

**Data Analyst**, GlobalLogic – Bengaluru, Karnataka Aug 2022 – Present

- Worked on Alteryx Designer, a drag-and-drop interface tool enabling users to build data workflows and gain valuable insights from raw data.
- Involved in data visualization and reporting using Power BI, adding new features based on customer requirements.
- Handled and resolved multiple data-related issues, delivering solutions within tight deadlines.
- Contributed to data maintenance by fixing high-priority data issues and ensuring data integrity.
- Collaborated with cross-functional teams to design and implement scalable data solutions aligning with business needs.
- Worked on performance optimization and enhancement of existing data modules within the Alteryx Designer Tool.

## Education

---

**SDM Institute of Technology, Ujire**, B.E. in Computer Science Aug 2018 – May 2022

- CGPA: 8.3
- **Coursework:** Object Oriented Programming, Databases, Data Structures and Algorithms, Operating Systems, Computer Networks, Computer Architecture, Comparison of Learning Algorithms

## Projects

---

### Alteryx

- **Tools:** VS 2022, Python, SQL, Alteryx Designer, Power BI.
- **Project Description:** Worked on Alteryx Designer tool, enabling users to build workflows with a drag-and-drop interface to manipulate data and gain insights. Alteryx Designer provides users easy access to strategic business insights by turning raw data into useful information.

## **Web Application to manage Timesheet**

- **Tools:** VS2022, SQL, Python, Power BI, Excel.
- **Project Description:** Designed a time tracking and approval application for managers and employees. It includes features for creating timesheets, manager approval, and project/task management.

## **Certification**

---

- “Certificate for Spotlight of the month” (GlobalLogic, May 2023)
- “Alteryx Designer Core Certificate” (Alteryx, July 2023)
- “Basic of Cloud Computing” (Great Learning, December 2023)
- “MongoDB SI Association Certificate” (July 2024)
- “Github Copilot GenAI Certificate” (July 2024)
- “Certificate for Star Award of the month” (GlobalLogic, July 2024)
- “Microsoft Certified: Azure Fundamentals” (Microsoft, December 2024)
- "Github Copilot Certificate" (March 2025)

## **Declaration**

---

I, Deepika IM, hereby declare that the above-mentioned information is accurate to the best of my knowledge
